Re: Freedom of Information Request No. EPA-R2-2014-003189  
Dated: January 30, 2014

Dear Ms. Sims:

Your request for information has been referred to this branch for response. We have searched the Resource Conservation and Recovery Act (RCRA) files and/or computer database as appropriate to respond to your request. In addition, you may also receive information from other program areas within this Regional Office.

We are enclosing copies of the RCRA Facility File Index Sheets for four E. I. Dupont facilities located in Gibbstown; Parlin; Deepwater, and Pompton Lakes, New Jersey. The addresses are 200 Repauno Avenue, Gibbstown; 250 Cheesequake Road, Parlin; Route 130, Deepwater, and 2000 Cannonball Road, Pompton Lakes, New Jersey. There are other RCRA documents that the EPA RCRA Project Managers would have that may not be included on the enclosed index sheets. We are checking with the EPA RCRA Project Managers on this. We are also enclosing copies of the RCRA Compliance Monitoring, and Enforcement Data Reports regarding inspection information for the four E. I. Dupont facilities listed above. For the E. I. Dupont facility in Deepwater, New Jersey, we are sending you a report file by email, since the report has many pages of compliance monitoring, and enforcement data.

The approximate amount of RCRA information that we have in our RCRA file room for each of the E. I. Dupont facilities is the following: Gibbstown-about 92 inches; Parlin-about 103 inches; Deepwater-about 253 inches, and Pompton Lakes-about 143 inches. One inch is equivalent to 250 pages. The cost for copying each page is \$ .15.

For further information regarding the fact sheets for the E. I. Dupont facilities in Gibbstown; Parlin; Deepwater, and Pompton Lakes, New Jersey, you can access information from the internet at: <http://www.epa.gov/region02/waste/fsdupont.htm>; <http://www.epa.gov/region02/waste/fsdupoim.htm>; <http://www.epa.gov/region02/waste/fschamb.htm>, and [http://www.epa.gov/region02/waste/dupont\\_pompton/index.html](http://www.epa.gov/region02/waste/dupont_pompton/index.html).

Since, we have so much information for all four sites; we need to talk to you to see if we can find other ways to narrow the scope of your request. When the files are quite large, we also give the requester an opportunity to visit our office to review the documents. If you decide to visit us, we will arrange to make the files available to you. Kindly arrange your appointment with Mr. David Abrines of my staff at (212) 637-3043. The file offices are open between the hours of 9:00am - 4:00pm at the following address:

Room 1538, 15th Floor  
290 Broadway  
New York, New York 10007-1866.

Be sure to bring a copy of this letter when coming to our EPA file office, and make reference to the EPA ID Numbers NJD002373819; NJD002444024; NJD002385730, and NJD002173946.

If you decide that you can not visit us, another suggestion is that you can select the information that you need from the RCRA Facility File Index Sheets. However, due to the amount of information that we have, this approach may not be feasible. You can place an asterisk next to the documents that interest you on the index sheets, and then fax the indexes to Mr. Abrines at (212) 637-3526. Or, you can e-mail the information to [abrines.david@epa.gov](mailto:abrines.david@epa.gov). Afterward, Mr. Abrines will review the documents that you selected on the indexes, and contact you concerning the final cost.

In addition, enclosed is a list of archive documents for E. I. Dupont in Deepwater, and Pompton Lakes, New Jersey. The documents on the archive list are located in Kansas City, MO. We suggest that you first review the enclosed documents on the index sheets, and afterwards, if you still require reviewing the archived documents, please let Mr. Abrines know by contacting him at (212) 637-3043.

We also have documents for each of the E. I. Dupont sites mentioned above, which may be considered confidential. We recommend that you first review the documents that we have. If after reviewing the documents and you still have an interest in pursuing the regulatory process to request disclosure of the confidential document, please inform Mr. Abrines at the above number.

In addition, RCRA information is available on the Internet as described on the enclosed sheet.

Please include the above referenced request number on any inquiries regarding this response. We wait to hear from you as to how you want us to proceed with your request.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Adolph S. Everett". The signature is fluid and cursive, with the first name "Adolph" being more prominent.

Adolph S. Everett, P.E.
